Application No.: 10/748010

Case No.: 58281US004

Amendments to the Specification:

Please replace the paragraph at page 8, lines 4-9 with the following:

The TLR agonism for a particular compound may be assessed in any suitable manner. For example, assays for detecting TLR agonism of test compounds are described, for example, in U.S. Patent Publication No. 2004/0132079 ~~Provisional Patent Application Ser. No. 60/432,650, filed December 11, 2002,~~ and recombinant cell lines suitable for use in such assays are described, for example, in U.S. Patent Publication No. 2004/0197865 ~~Provisional Patent Application Ser. No. 60/432,651, filed December 11, 2002.~~
